

# RWOSE

## Electronic Press Kit

Rwose has produced music inspired by synthesizers,  
natural sounds  
and  
cyberpunk culture from many of the most popular films in the genre.

## Sunflower

The single SUNFLOWER,  
was inspired by seeing excited kids playing outside  
after a long drawn out covid isolation.

The artist Rwose,  
just like everyone else  
faced many obstacles throughout the lockdown and isolation,  
lacking inspiration and motivation but this all changed  
after a chance encounter after the lockdown was over.
